# US 2 Pedestrian and Multimodal Kids Coloring Contest

## Envision US 2:

The City of Airway Heights is working in a coordinated effort with WSDOT to look at the feasibility of redesigning US 2 to incorporate more safety features to encourage walkability, biking, and connectivity to transit. The project aims to enhance safety and functionality for pedestrians, bicyclists, and transit along a critical one-mile stretch of US 2.

The city of Airway Heights seeks to have the community participate in learning about the US 2 project and hear your feedback through upcoming public outreach events. To learn more about the project, visit the website at <https://www.airwayheightsus2design.org/>.
